Spirits

Swiss fine brandies from Wirz:

Nowhere else in Switzerland are there as many cherry and plum trees as in the small canton of Baselland. But even in this traditional fruit-growing region, time does not stand still. The idyllically situated Niestelen farm near Reigoldswil is surrounded by state-of-the-art orchards consisting of plum, mirabelle, apple, pear, and cherry trees. They regularly demonstrate that this innovative philosophy produces first-class brandies at the Distisuisse awards, the most important competition for Swiss distillers.

Wirz Vieille Prune 40%

Our Vieille Prune is produced according to our own recipe using plum and small plum distillate. Fully ripened premium plums serve as the basis for the fine Vieille Prune. At the end of its long aging process, the highly aromatic portion of the distillate is refined, resulting in a premium brandy of the highest quality. An exquisite specialty that will bring you and your friends much joy. A distillery from Baselland—a true Swiss product! Treat yourself to something special!

Wirz Vieille Poire Williams 40%

Made from Williams pears, the Vieille Poire impresses with its delicate, aromatic flavor. To ensure optimal maturation, the highly aromatic portion of this fine brandy is aged for an extended period in the cellar. After its aging process is complete, a light blending is performed to harmoniously round out the Vieille Poire Williams.

Wirz Williams 41%

50% of our Williams plums come from our own orchards; the rest comes from the Valais.

We place great importance on blending the fruit at just the right time. This has a major impact on the aroma. After fermentation, distillation takes place as quickly as possible. The combination of all these factors yields the best result.

Appenzeller Alpenbitter (Switzerland) 29%

In 1902, Emil Ebneter invented the Appenzeller Alpenbitter. To this day, more than 100 years later, his recipe remains a closely guarded secret. It's an open secret, however, that nearly every adult Swiss person is familiar with this inimitable beverage made from 42 herbs and 29% Appenzeller spirit. We can therefore confidently assert that hardly any other alcoholic beverage enjoys such a high level of recognition. And we're confident that this will remain the case.

Kreuzritter 30%

Kreuzritter was developed by medical professionals and nutritionists with the goal of creating a delicious and soothing digestif. The secret behind Kreuzritter's effectiveness as a digestive elixir lies in 11 secret herbs, whose properties are rooted in centuries-old Far Eastern herbal medicine. In addition, Kreuzritter contains 47 other extracts known in herbal medicine for their beneficial effects—some of which stimulate digestion, while others soothe the stomach.
